

References

References are sorted into three categories within their year of publication: (1) **bold, italics: scientific peer-reviewed international articles**, (2) *italics: scientific abstracts at international conferences*, (3) normal case: invited presentations without abstract, popular scientific presentations, reports and other.

1990

1. Paetzel M & Schrader H 1990: *Does the enhancement of trace metal (Zn, Pb, Cu) concentrations really indicate enhanced pollution? Example from the Barsnesfjord. Abstract Marine Geological Conference MGK-1, Oslo (Norway). Special Abstract Volume.*
2. Paetzel M 1990: Historical sedimentation in the anoxic Barsnesfjord: West Norway. Cand. Scient. Thesis. Geological Institute, UiB, 163 pp.
3. Paetzel M 1990: Historical sedimentation in the anoxic Barsnesfjord, invited talk, Geology Seminar, UiB.

1991

4. Paetzel M & Schrader H 1991: **Heavy metal (Zn, Cu, Pb) accumulation in the Barsnesfjord, Western Norway. Norsk Geologisk Tidsskrift 71, 65-73.**
5. Paetzel M & Schrader H 1991: *Historical sedimentation in the anoxic Barsnesfjord: West Norway. Abstract European Union of Geosciences EUG-6, Strasbourg (France). Terra Nova 3, 345.*
6. Paetzel M & Schrader H 1991: *High-resolution chronology of young fjord sediments: The last 100 years in the Barsnesfjord. Abstract Norwegian Geological Winter-meeting NGF-12, Oslo (Norway). Geonytt 18.*
7. Paetzel M 1991: Sampling cruise nr. 9103 to the Skagerrak 1991. M/S «Håkon Mosby». Cruise report, NGU-Report 92.006, 70 pp.
8. Paetzel M 1991: Sampling cruise nr. 9106 to the Skagerrak 1991. M/S «Håkon Mosby». Cruise report, NGU-Report 92.007, 114 pp.

1992

9. Paetzel M & Schrader H 1992: **Recent environmental changes recorded in the anoxic Barsnesfjord sediment: Western Norway. Marine Geology 105, 23-36.**
10. Schrader H & Paetzel M 1992: *Marine planktonic diatoms in Quaternary Eastern Pacific sediments: A new primary productivity proxy? Abstract American Geophysical Union AGU-Spring/92, Montreal (Canada). EOS April/92, 154.*
11. Paetzel M & Schrader H 1992: *Does the percent exponential increase in heavy metals in surficial Skagerrak sediments during the last 5 years indicate increasing pollution? Abstract AGU-Spring/92, Montreal (Canada). EOS April/92, 164.*
12. Paetzel M & Schrader H 1992: *Heavy metal and organic carbon concentration in a surficial (0-50 cm) Skagerrak core. Abstract Deutsche Geologische Vereinigung, DGV-82, Stuttgart (Germany). Profil 1/92, 34.*
13. Paetzel M, Schrader H & Bjerkli K 1992: *Do decreased trace metal concentrations in surficial Skagerrak sediments over the last 30 years indicate decreased pollution? Abstract Marine Skagerrak and Kattegat MARSKAT-4, København (Denmark). Special Abstract Volume.*
14. Paetzel M 1992: Fjord à la Norvégienne: Pollution flavoured sediments from the fjords of Norway. Invited talk University of Southampton (England).
15. Bjerkli K, Paetzel M & Schrader H 1992: Skagerrak: a historical environmental archive. Norwegian Geological Survey (NGU), Annual Report 1991, 20-21.
16. Paetzel M 1992: Sampling cruise nr. 9205 to the Skagerrak 1992. M/S «Håkon Mosby». Cruise report, NGU-Report 92.205, 129 pp.

1993

17. Schrader H, Isrenn K, Swanberg N, Paetzel M & Sæthre T 1993: **Early diatom pulse in the Norwegian Sea and its paleoceanographic significance. Diatom Research 8, 117-30.**
18. Schrader H, Swanberg N, Lykke AK, Paetzel M, Tim & Thies Schrader 1993: **Productivity changes in the Eastern Equatorial Pacific: The Quaternary record of ODP Leg 111, Site 677. In: Herman van Dam (ed): Proceedings of the 12th International Diatom Symposium. Hydrobiologia 269/170, 137-51.**
19. Liebezeit G & Paetzel M 1993: **Porewater nutrient chemistry of a long core from the Skagerrak basin. Senckenbergiana Maritima 23, 159-66.**
20. Paetzel M, Schrader H & Croudace I 1993: *The Nordåsvannet bottom sediments, a chemical bomb? Abstract EUG-7, Strasbourg (France). Terra Nova 5, 633.*

21. Paetzel M, Schrader H & Croudace I 1993: *The Nordåsvannet bottom sediments, a chemical bomb? Abstract NGF-13, Tromsø (Norway). Geonytt 20, 38.*
22. Paetzel M, Schrader H & Bjerkli K 1993: *Do decreased trace metal concentrations in surficial Skagerrak sediments over the last 30 years indicate decreased pollution? Abstract NGF-13, Tromsø. Geonytt 20, 38.*
23. Paetzel M 1993: *Actuo-geological sedimentation in Norwegian coastal and fjord sediments. Dr. scient. Thesis, Department of Geology, UiB, 127 pages.*
24. Paetzel M 1993: *The use of natural ²¹⁰Pb and human produced ¹³⁷Cs isotopes for dating of high resolution coastal and fjord sediments. Invited Seminar NGU, Trondheim (Norway).*
25. Paetzel M 1993: *Marine geological and marine geochemical environmental investigations. Invited Seminar Geogruppen AS, Akvaplan NIVA and Unilab Analyse, Tromsø (Norway).*
26. Paetzel M 1993: *Sampling-cruise to the Skagerrak 1993, UiB-cruise 19/93. M/S «Håkon Mosby». Cruise report, University of Bergen, 49 pp.*

1994

27. Paetzel M, Schrader H & Bjerkli K 1994: *Do decreased trace metal concentrations in surficial Skagerrak sediments over the last 15-30 years indicate decreased pollution? Environmental Pollution 84, 213-26.*
28. Paetzel M, Schrader H & Croudace I 1994: *Sewage history in the anoxic sediments of the fjord Nordåsvannet, Western Norway: (1) Dating and trace metal accumulation. The Holocene 4, 290-98.*
29. Paetzel M & Schrader H 1994: *Sewage impact on sedimentation in the anoxic fjord Nordåsvannet, Western Norway. Abstract Workshop und Tagung in Umwelt-Geologie WTUG-1, Heidelberg (Germany). Special Abstract Volume.*
30. Paetzel M & Schrader H 1994: *Coarse grained layers in Hvalerdeep basin sediments, eastern Skagerrak. Abstract MARSKAT-5, Trondheim (Norway). Special Abstract Volume, 17.*
31. Kunzendorf H, Longva O & Paetzel M 1994: *Recent sedimentation rates across the Norwegian trough. Abstract MARSKAT-5, Trondheim (Norway). Special Abstract Volume, 9.*
32. Schrader H & Paetzel M 1994: *Diatom distribution in surficial Skagerrak sediments. Abstract MARSKAT-5, Trondheim (Norway). Special Abstract Volume, 19.*
33. Schrader H, Paetzel M, Faye G & Sæther OM 1994: *Element distribution in recent Skagerrak sediments. Abstract MARSKAT-5, Trondheim (Norway). Special Abstract Volume, 21.*
34. Sæther OM, Schrader H, Paetzel M & Faye G 1994: *Element distribution in surface sediments of the Norwegian Skagerrak at present and before year 1900. Abstract MARSKAT-5, Trondheim (Norway). Special Abstract Volume, 22.*
35. Paetzel M 1994: *The significance of marine geology within environmental monitoring. Seminar Bergen community (Norway).*
36. Paetzel M 1994: *The significance of marine geology within environmental monitoring. Seminar Environmental Authority of Hordaland County (Norway).*
37. Paetzel M 1994: *The significance of marine geology within environmental monitoring. Seminar State Pollution Authority, Norwegian Institute of Water Research (NIVA) and University of Oslo (Norway).*

1995

38. Paetzel M & Schrader H 1995: *Sewage history in the anoxic sediments of the fjord Nordåsvannet, Western Norway: (2) the sources of the sedimented organic matter fraction. Norsk Geologisk Tidsskrift 75, 146-55.*
39. Kunzendorf H, Longva O & Paetzel M 1996: *Recent sedimentation rates across the Norwegian Trough. NGU-Bulletin 430, 67-74.*
40. Schrader H, Paetzel M, Longva O, Faye G & Sæther OM 1995: *Long-term monitoring of inorganic pollution in Skagerrak sediments. Abstract AGU-Fall/95, San Francisco (USA), EOS. November/95, F287.*
41. Paetzel M & Schrader H 1995: *Recent environmental changes recorded in sedimentary organic matter from the Nordåsvannet, western Norway. Abstract MGK-2, Bergen (Norway). Special Abstract Volume.*
42. Paetzel M & Schrader H 1995: *Imprint of 20th century climate changes on the sedimentary record of human activity in the Store Lungegårdsvannet (Western Norway). Abstract MGK-2, Bergen (Norway). Special Abstract Volume.*
43. Paetzel M & Schrader H 1995: *Trace metal dilution by grain size and organic matter content in Skagerrak surface sediments. Abstract MGK-2, Bergen (Norway). Special Abstract Volume.*
44. Schrader H, Paetzel M, Longva O & Kunzendorf H 1995: *Present and past elemental distribution patterns in Skagerrak sediments: Timing and sources. Abstract MGK-2, Bergen (Norway). Special Abstract Volume.*
45. Schrader H, Paetzel M & Longva O 1995: *Skagerrak and Kattegat: Can sources and pathways of Cu, Hg, Pb and Zn be detected from their present surface sediment distribution? Abstract MGK-2, Bergen (Norway). Special Abstract Volume.*

46. Sæther OM, Thorsnes T, Rise L, Longva O, Faye G, Bøe R & Paetzel M 1995: *Distribution of heavy metals in recent sediments from the Norwegian part of the Skagerrak. Abstract MGK-2, Bergen (Norway). Special Abstract Volume.*
47. Paetzel M 1995: The significance of marine geology within environmental monitoring. Seminar, UiB.
48. Paetzel M 1995: Nordåsvannet: example of marine geological environmental monitoring. Invited Talk, HSF.
49. Paetzel M 1995: Pollution in the Nordåsvannet. Geostudentgruppen Mjøltnir, Invited Seminar, UiB.
50. Paetzel M 1995: Environmental change in the Store Lungegårdsvannet. Realfag studentenes miljøgruppe, Invited Seminar, Bergen (Norway).
51. Schrader H, Paetzel M & Longva O 1995: Monitoring of environmental change in the Skagerrak: description of a common marine geological mapping programme. NGU, Annual Report 1994, 12-13.

1996

52. Paetzel M & Schrader H 1996: *Holocene environmental changes as recorded in anoxic Nordåsvannet sediments. Abstract AGU-Fall/96, San Francisco (USA). EOS 77, F306.*
53. Schrader H, Paetzel M & Longva O 1996: *Trace metal sources and pathways as induced from Skagerrak and Kattegat surface sediments: A matter of data presentation? Abstract MARSKATT-6, Stockholm (Sweden). GFF 118, A84.*
54. Paetzel M 1996: Environmental Geology: an underestimated need for society? Invited Talk, HSF.
55. Paetzel M 1996: Pollution in Norwegian fjords: A geological approach. Invited Seminar Forschungszentrum Terramare (Germany).

1997

56. **Thorsnes T, Klungsøyr J, Schrader H, Sæther O, Longva L, Iversen PE, Paetzel M, Faye G & Lepland A 1997: Contamination of Skagerrak sediments due to man-made inputs during the last 200 years. In: O. Longva & T. Thorsnes (eds): Skagerrak in the past and at the present - an integrated study of geology, chemistry, hydrography and microfossil ecology. Norges Geologiske Undersøkelse Special Publication 8, 52-79.**
57. Haugan G, Paetzel M & Steinnes E 1997: *Trace metals from marine Amlabukt sediments: Distribution and sources. Abstract EUG 9, Strasbourg (France). Terra Nova 9, 661.*
58. Andersen F, Tonning M, Vatnelid J, Vrenne SO, Paetzel M, Faye G 1997: *Trace metals in near-shore Skagerrak sediments: TOC- and Mn-correlations. Abstract NGF-15, Bergen (Norway). Geonytt 1-97, 18.*
59. Bjørnebraten Å, Helset PG, Mjelva V, Paetzel M, Henriksen H & Hjelseth S 1997: *Infiltration of sewage water in dead-ice deposits, Gol community. Abstract NGF-15, Bergen (Norway). Geonytt 1-97, 24.*
60. Paetzel M, Schrader H & Sønstegeard E 1997: *A 10 000 year marine geological record from the anoxic Nordåsvannet, Western Norway. Abstract NGF-15, Bergen (Norway). Geonytt 1-97, 76.*
61. Paetzel M 1997: Trace metals in Skagerrak sediments. Marine geological mapping (MGK) in the Skagerrak. HSF-Report 7/97, 98 pp.

1998

62. Paetzel M & Schrader H 1998: *Recent marine sedimentation: The fjord environment. Abstract International Conference on Paleoceanography ICP-6, Lisboa (Portugal). Special Abstract Volume, 181.*
63. Behrends B, Liebezeit G & Paetzel M 1998: *Geochemistry of the Hvaler Deep sediments. Abstract MARSKATT-7, Wilhelmshaven (Germany). Special Abstract Volume, 5.*
64. Paetzel M, Smeby A & Strand A 1998: *One lake, two environments – the Langvannet, SE-Norway. Abstract Nordisk Geologisk Vintermøte NGV-23, Aarhus (Denmark). Special Abstract Volume.*
65. Paetzel M 1998: Good research: a requirement for good lecturing? Invited talk HSF, Sogndal (Norway).
66. Paetzel M 1998: Environmental Sedimentology, principles and possibilities. Talk EU's H-Sense workshop, Göteborg (Sweden).

1999

67. Smittenberg RH, Pancost RD, Paetzel M & Sinninghe Damste JS 1999: *Biomarkers in varved, late Holocene fjord sediments: A study of the anoxic Kyllaren fjord, Norway. Abstract Organic Geochemistry 99, Istanbul (Turkey), Special Abstract Volume.*
68. Brack K, Leifsen LØ, Mathiesen A, Nes G, Prestmo H, Sivertsen Ø, Paetzel M & Schrader H 1999: *The H-Sense Project (Harbours-Silting and ENvironmental Sedimentology): The Bergen harbour. Abstract NGF-16, Stavanger (Norway), Geonytt 1-99, 35.*
69. Hansen HG, Schrader H & Paetzel M 1999: *Nordåsvannets Holocene klimasignal: Det Midt-Holocene sandlaget. Abstract NGF-16, Stavanger (Norway), Geonytt 1-99, 53.*

70. Hasle K, Johansen SA, Jørgensen M, Sypriansen G, Paetzel M & Schrader H 1999: Shell-sand deposits within the Younger Dryas limit at Mongstad, Western Norway. Abstract NGF-16, Stavanger (Norway), *Geonytt 1-99*, 54-55.
71. Persson T, Schrader H & Paetzel M 1999: The Holocene Nordåsvannet climate signal: Sediment facies distribution. Abstract NGF-16, Stavanger (Norway), *Geonytt 1-99*, 82.
72. Torgersen BI, Schrader H & Paetzel M 1999: The Holocene Nordåsvannet climate signal: change from oxic to anoxic bottom conditions. Abstract NGF-16, Stavanger (Norway), *Geonytt 1-99*, 98.
73. Nes G, Paetzel M, Schrader H & Sievertsen Ø 1999: Pollution vs sedimentology in the Vågen, Bergen Harbour, Norway. Abstract NHF 99, Geilo (Norway), 13.
74. Paetzel M 1999: Extreme trace metal pollution in Bergen harbour sediments: Sources and processes. Invited talk at "Miljøringens temamøte", Bergen (Norway).
75. Paetzel M 1999: Trace element distribution and long core sedimentology of Bergen harbour sediments. EU's H-Sense workshop, Delft (The Netherlands).

2000

76. Brack K, Stevens RL & Paetzel M 2000: Holocene environmental change and the accumulation-erosion balance of sheltered river-mouth sediments, Göteborg (Sweden). *Marine Geology 170*, 347-362.
77. Smittenberg RH, Pancost RD, Paetzel M & Sinninghe Damsté JS 2000: Late Holocene environmental changes in the euxinic Kyllaren fjord as revealed by its sedimentary biomarker record. Abstract Earth Scientific Congress, Amsterdam (The Netherlands), April 2000.

2001

78. Paetzel M, Moldekleiv R, Ravnås HH, Stakland R, Willis AME, Øversveen J, Schrader H & Sinninghe Damsté JS 2001: Recent anoxic Kyllaren laminae: a modern analogue to Jurassic (Toarcian) black shale formation? Abstract EUG 11, Strasbourg (France). 08-12 April.
79. Paetzel M 2001: Deep Norwegian coastal dump sites: Something to care about? Invited Keynote Lecture, International Workshop on Chemical Munition Dump Sites in Coastal Environments, University of Gent (Belgium), 5-6 July.
80. Paetzel M 2001: Pollution and environmental strategies during Bergen harbour remediation. Invited Talk, VA-meeting, Bergen community (Norway).

2002

81. Paetzel M 2002: Deep marine munition dump sites: example from Arendal, Norway. In: T Missiaen & J-P Henriet (eds): *Chemical munition dump sites in coastal environments. Renard Centre of Marine Geology, University of Gent, Brussels*, 133-144.
82. Paetzel M 2002: The Norwegian alibi: status and consequences. Invited Key Note Lecture, "Time Bombs from the Past". Invited Keynote Lecture, International Conference on the Legacy of Chemical Weapons and Munition Dumps in the Marine Environment, 27 November 2002, Ayr, Scotland. POSTPONED
83. Paetzel M 2002: Keys to internationalising. Invited talk, HSF University College, 11 January.
84. Paetzel M 2002: The variety of environmental geology. Invited Talk, 23 September, Kystmuseum, Florø.

2003

85. Paetzel M, Nes G, Leifsen LØ & Schrader H 2003: Sediment pollution in the Vågen, Bergen Harbour, Norway. *Environmental Geology 43*, 476-483.
86. Paetzel M & Schrader H 2003: Natural vs human induced facies change in recent, shallow water sediments of the Store Lungegårdsvannet (Western Norway). *Environmental Geology 43*, 484-492.
87. Van Breugel Y, Schouten S, Paetzel M, Rampen S & Sinninghe Damsté JS 2003b: The consequences of CO₂ recycling in a stratified marine system for stable carbon isotope ratios of biolipids in the water column and in sediment records. Abstract IRMS User Meeting, Geel (Belgium), 13-14 March 2003.
88. Van Breugel Y, Schouten S, Paetzel M, Rampen S & Sinninghe Damsté JS 2003a: Recycling of respired CO₂ in stratified marine systems: consequences for the interpretation of the stable carbon isotope record. Abstract 21st International Meeting on Organic Geochemistry, Krakow (Poland), 8-12 September 2003.

2004

89. Smittenberg RH, Pancost RD, Hopmans EC, Paetzel M & Sinninghe Damsté JS 2004: A 400-year record of environmental change in an euxinic fjord as revealed by the sedimentary biomarker record. *Palaeogeography, Palaeoclimatology, Palaeoecology 202*, 331-351.

90. Van Breugel Y, Schouten S, Paetzel M, Ossebaar J, Rampen S & Sinninghe Damsté JS 2004: *The impact of respired CO₂ recycling on the carbon isotopic composition of biolipids from photoautotrophs in a stratified marine system (Kyllaren fjord, Norway)*. Abstract 7th Netherlands Earth Science Congress, Veldhoven (The Netherlands) 5-6 April 2004.
91. Van Breugel Y, Paetzel M, Schouten S & Sinninghe Damsté JS 2004: *What can a fjord tell us about carbon cycle changes during natural greenhouse conditions in the earth history?* Royal Netherlands Institute for Sea Research (NIOZ), Annual Report 2004, 50-52.

2005

92. Van Breugel Y, Schouten S, Paetzel M, Nordeide R & Sinninghe Damsté JS 2005: *The impact of recycling of organic carbon on the stable carbon isotopic composition of dissolved inorganic carbon in a stratified marine system (Kyllaren fjord, Norway)*. *Organic Geochemistry*, 36 (8), 1163-1173.
93. Van Breugel Y, Schouten S, Paetzel M, Ossebaar J & Sinninghe Damsté JS 2005: *Reconstruction of $\delta^{13}\text{C}$ of chemocline CO₂ (aq) in past oceans and lakes using the $\delta^{13}\text{C}$ of fossilized isorenieratene*. *Earth and Planetary Science Letters*, 235, 421-434.
94. Rinne E, Rygg E, Senneset L, Paetzel M & Liebezeit G 2005: *Polycyclic aromatic hydrocarbons in surface sediments of the outer Jade Bay, southern North Sea*. *Senckenbergiana Maritima* 35, 221-233.
95. Paetzel M 2005: *Geology in history*. Public Seminar on "The Little Ice Age project in the Austerdalen valley system", Sogndal, 12 December, Key Note Lecture and Convenor.

2006

96. Van Breugel Y, Schouten S, Paetzel M & Sinninghe Damsté JS 2006: *Seasonal variation in the stable carbon isotope composition of algal lipids in a shallow anoxic fjord: evaluation of the effect of recycling of respired CO₂ on the $\delta^{13}\text{C}$ of organic matter*. *American Journal of Science*, 306, 367-387.
97. Paetzel M 2006: *From Sogndal to job – an international perspective (Fra Sogndal til job – et internasjonalt perspektiv)*. Public Seminar on "Nature and industry – Geology for the future (Natur og næring: Geologi for framtida)", Sogndal, 15 March 2006, Key Note Lecture and Convenor.

2007

98. Paetzel M 2007: *Sewage in fjords – are they chemical bombs?* Public Seminar on "The Sogndalsfjord sewage project – the effect of the supply of untreated sewage into the Sogndalsfjord", Sogndal, 10 December, Key Note Lecture and Convenor.
